2022-23

Best Practice Department of Commerce

Bridge Courses -

**Object of the Bridge course-** The main objective of the course is to bridge the gap between subjects studied at the Pre-university level and subjects they would be studying in commerce. A Bridge course aims to cover the gap between the understanding level of high school courses and higher educational courses. Lectures On Various Subjects Are Given To The Students Of The Department Of Commerce By Professors Of Different Faculties This course has been conducted for the students to prepare for various competitive examinations. Due To Which The Knowledge Of Various Subjects Increases In The Students.

**The context-**Due to a lack of knowledge of various subjects, Commerce students are not able to pass competitive exams, to solve this, the Department of Commerce is offering this course which will help the students to get interest in various subjects. In this course, information regarding various subjects will be provided by the professors of different subjects of the college.

**The practices –** Students who are from a commerce background or students who did not pursue Mathematics as a subject of study after matriculation are the target audience of such Bridge Course including those students who scored less than 50% mark Account Mathematics has to mandatory program. The Bridge course is a three-month program and at times exceeds four weeks depending on the requirement of the students, conducted before the commencement of regular undergraduate classes. The pre-assessment criteria are based on

marks obtained by the student's inter-pret-university examination. After the Bridge course, students' requirements have hard risen. The success ratio of the improved quality is verified with the feedback collected from the students all these years.

**Evidence of Success-** Their improved confidence allows them to participate in various curricular as well as co-curricular activities and excellent hose with good results.

The results of the students have been a continuous hallmark of their capabilities as well as the success of the program.

The written feedback of the slow learners has given positive in putto conduct such programs on a regular basis.

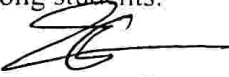

**Problem Encountered and Resources Required** - Huge investment in intellectual and knowledge propagators can lead to significant advancements in various fields, including science, technology, and the arts. It can help create a more knowledgeable and informed society, with individuals who are better equipped to tackle complex challenges and drive progress forward. Monitoring department with professionals to keep a keen eye on students' needs. Qualified teachers to train slow learners in their problem zones. Proper planning of syllabus and problem-based approach to guide these students.

**Challenging issues Bridge-** The course has not faced any critical challenges but a few such as a delay in the Pre-University Boards results affecting the pre-assessment criteria test as the Bridge course commences a few days before the commencement of degree courses.

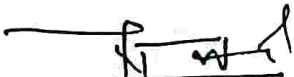

Difficulty in getting personal contact with the students once admission is done as they tend to change their location and contact numbers.

Clashing of Bridge course with other competitive entrance examination dates.

Students' varied personal commitments during the session of the course. Lack of seriousness among students.
