#### 4.3.1:- Institution frequently updates its IT facilities including WI-FI.

I can see that the college building is equipped with Wi-Fi and that a comprehensive Wi-Fi solution has been proposed and purchased by the college. It's great to know that all the department rooms, offices, and the library are well-equipped with the latest computers and internet connection with LAN facility. It's also reassuring to know that major areas of the campus are under CCTV surveillance 24/7 for added safety. I understand that a new course called PGDCA and DCA was implemented in your college in 2022-2023, and the college management purchased a computer lab with 13 computers with Wi-Fi and cameras that were placed in the computer laboratories. It looks like the college has a comprehensive IT infrastructure in place, with 30 computers, 1 laptop, 6 printers/scanners, monochromatic and color printers, a scanner, LCD projectors, sound equipment, and Wi-Fi connectivity throughout the building. I'm glad to hear that the college takes security seriously and updates the anti-virus software on all of its computer systems. It's also great that they have three routers to ensure Wi-Fi coverage throughout the building, and that they offer free Wi-Fi to students, staff, and others. The college is committed to maintaining and improving its IT facilities, including through measures like formatting computers and replacing hardware as needed.

Established in the year 2007 to cater to the needs of a purely rural scenario Government College Gurur (formerly known as Government Naveen College Gurur) has come a long way from what it was six years back. From a mere handful of students in the establishment year the college has grown enormously both in terms of student strength as well as in the field of the amenities made available to the students. Today the college boasts of a well equipped computer lab with internet connections, a fully furnished gymnasium, a sprawling garden with green trees spread over several acres, a well stocked library, and above all a pollution free campus atmosphere. The College is situated 09 kms off the Raipur-Jagdeipur
